Exfoliating Scrub

Smooth and polish your skin with this luxurious exfoliating facial scrub. A balanced combination of jojoba oil, aloe vera, and sea salt, gently removes old skin cells while antioxidant vitamins A, C, E, plus niacinamide and panthenol nourish new cells underneath, leaving your skin gently, beautifully refined.

Special Ingredients:

- **Flora Beads®**

- fully hydrogenated jojoba oil (trans-fat-free) creates tiny skin-exfoliating lipospheres, rich in the essential elements found in jojoba oil, gently scrubbing away complexion-dulling old cells

- **Biomin Marine®**

- a special solution of harvested sea salt, rich in minerals that are combined in a ratio best utilized by the skin
- protein-complexed minerals provide soothing, moisturizing, and cell renewing capabilities in an aqueous, bioactive form

- **Aloe Vera**

- used medicinally for more than 3000 years, aloe is mentioned in ancient Egyptian and Eastern texts
- rich in natural polysaccharides, sterols, and essential oils
- glycoproteins in aloe are extremely effective in wound healing and skin soothing

Other exceptional ingredients: Soluble Collagen, Chondrus Crispus Extract, and Vitamins A, B-5, C, and E
