

# renew

*Eye and Lip Cream*

With daily use, renew minimizes the appearance of fine lines and wrinkles by delivering nutritive and anti-aging ingredients deep into the cells to help inhibit free radicals. Meadowfoam seed oil, a natural plant oil, and beta glucan, an oat derivative, provide easy-to-absorb moisture for the delicate eye and mouth areas.

## **Special Ingredients:**

- **Sodium Hyaluronate**

- natural skin mucopolysaccharide that acts as binding and protective agent
- babies operated on in the womb heal without scars because of the high levels of hyaluronic acid in amniotic fluid
- binds moisture to skin, improving suppleness

- **Hydrolyzed Elastin & Soluble Collagen**

- major skin components involved in flexibility and skin structure
- elastin binds moisture and provides a protective layer on the skin
- soluble collagen accelerates skin healing and skin cell regeneration

- **Kollaren CPP**

- aging skin shows a reduction in collagen synthesis and the number of elastic fibers in the dermis
- CPP: Collagen Potentiating Peptide, a special amino acid sequence that stimulates the fibroblasts to produce new collagen

**Other exceptional ingredients:** Meadowfoam Seed Oil, Beta Glucans, Vitamins A, B-5, D & E, and Orange Oil
