Moisturizer With Sunscreen

This daily moisture screen is a real anti-aging breakthrough. Replenish is a moisturizer with broad-spectrum, skin-specific anti-oxidants and UVA, UVB sunscreen agents, that give you ultimate protection from sun and the environment.

Special Ingredients:

- **Squalane**

- vegetable-derived form of squalene, a natural component of skin, providing emollient, antioxidant, and immune-stimulating properties
- identical chemical structure to shark-oil-derived squalene, with the benefit of being vegetable in origin
- one of nature's "natural moisturizing factors" (NMF)

- **Shea Butter**

- derived from direct pressing of the shea fruit from the karite tree
- chosen for its rich content of lipids (natural fats)
- another of nature's NMF

- **Jojoba oil**

- extracted from the seeds of a unique desert shrub
- traditionally used by American Indians as hair conditioner and skin lubricant
- a highly stable oil, rich in phytosterols, it makes an excellent emollient and skin softener

Other exceptional ingredients: Safflower Oil, Rice Bran Oil, Cucumber Extract, Vitamins C & E, Allantoin, and Sunscreens
